EVERYTHING THAT IS HUMAN

HUMAN RESOURCES COUNSELLING MA

The aim of the programme is to train experts, who, in possession of their human, economic and developed **interdisciplinary approach**, are able to make detailed analyses, to find global and special correlations and to carry out advising and assessing activities in the world of organisations, employment and education. They apply their **professional skills**, support the macro-level processes of human resource management and education according to the professional requirements of the given workplace. Their advising activity is determined by their knowledge of the HR market and organisational processes.

STRENGTHS OF THE PROGRAMME

- integrated point of view
- real-life insight into the profession
- professional preparedness
- administrative capacity to help facilitate student life
